

A Special Dinner/Seminar Invitation For You

Dear Doctor,

It's our pleasure to invite you and your team to join us for a tasty dinner followed by an exciting presentation with our guest speaker Mr. Peter Barry. Peter is a highly sought after speaker who's message has inspired and empowered dental professionals across North America. This seminar is filled with revealing concepts and practical strategies that will enable you to move your practice to the next level of success and fulfillment.

Your Presenter

Mr. Peter Barry C.M.C, R.R.D.H. is a Dental Success Coach™, Certified Management Consultant, and Restorative Dental Hygienist. Peter is the founder of Successful Practice Architects: a coaching company dedicated to serving the growth and developmental needs of dental professionals. He provides customized group and one-on-one "Success Coaching" to Dental professionals across North America.

Our Topic for the Evening

The Influential Dental Coach: Becoming a Person of Higher Influence

This program is about moving your entire team to the next level of effectiveness. We will explore how to get day to day things done with less effort and greater commitment from patients. Your success depends on your ability to work your dental talents through people. How well you relate to and deal with people is your most important attribute. You will learn how to use the most powerful communication tool in existence "Listening Mastery" as an instrument for achieving higher results in everything you do such as: the new patient exam, powerful treatment consultations, strengthened co-worker relations, scheduling dialogues, financial discussions and inspiring patients to say "Yes".

What You Will Learn

1. Use "Listening Mastery" to more effectively "lead" patients towards optimal treatment decisions.
2. Apply communication strategies for building stronger relations with patients and co-workers.
3. Empower your front office team to more effectively manage day to day business interactions.
4. Develop a team level operational routine that empowers you to achieve bigger results.
