## Helping To Care For The Products We Create With Innovative Cleaning And Care Solutions

We've always been dedicated to providing our clients, and their patients, with superior dental appliances. We are equally committed to ensuring that these appliances can be properly cared for. For years, we've been including with our dentures a sample of "Smile Again Denture Cleaner", with the opportunity to contact our lab and re-order; we are now delighted to be able to provide our exclusively formulated "Oral Appliance Care Cleaner" with all our splints, night guards, orthotics, mouth guards, and sleep appliances.

A Free Sample of Smile Again Denture Cleaner & Oral Appliance Care Cleaner are provided with each new dental appliance and can be easily reordered from our newly created website at:

Looking for ways to provide greater benefits to our clients, and their patients, is just another way we are, "Working Harder and Smarter for your Practice!"
